

Buying Solutions Framework

European Electronique repeats its success with Buying Solutions Framework

Background

European Electronique is pleased to announce that the company, for the second time running, succeeded with their bid to be included on the Buying Solutions’ “Commoditised IT Hardware and Software” Framework. There are only 9 suppliers that are approved on both lots, Lot 1 – Desktop Hardware and Lot 2 – IT Infrastructure and European Electronique is one of them.

Buying Solutions is the national procurement framework for the UK Public Sector. The aim of the framework is to ensure value for money and simplify the procurement process making it quicker and easier for customers to procure the goods and services they need.

The Oxfordshire based business, is a leading multivendor technology company with 22 years experience in ICT and a reputation for innovation. The company is a market leader.. (in the education sector while delivering innovative customised solutions to other markets including; Local and Central Government, Emergency Services, Housing and Healthcare.)

European Electronique’s speciality is the provision of goods and services to the Public Sector. The company’s success is based on offering the full range of purchasing options from the supply of equipment to the design and implementation of complex IT solutions and provision of maintenance and support services.
